

Science
As Scientists, we will...

- I know animals and plants can be identified and grouped. This is linked to habitat.
- I know different plants and animals live in different places to which they are suited – by giving them food and shelter
- I know animals get their food from plants and other animals and in turn are consumed by other animals
- I know animals need water, food and air in order to survive.
- I know animals, including humans, reproduce offspring which grow into adults

RE

For spiritual and moral development, we will...

- know that Christians celebrate Jesus' birth; Advent for Christians is a time for getting ready for Jesus' coming.
- know that Christians believe that Jesus is God. They know the birth narrative i.e. The Angel appeared to Mary, Mary and Joseph travelled to Bethlehem where Jesus was born as a baby and he was placed in a manger. Angels appeared to the shepherds. The wise men brought gifts.
- know the Bible points out that his birth showed that he was extraordinary (e.g. he is worshipped as a king in Matthew) and that he came to bring good news (e.g. to the poor in Luke)
- use the term incarnation and can talk about examples of how this theme has been explored in art and music (including hymns) by Christians.
